

RezLok

Electronic Lock Set

Purpose-built for external doors, the RezLok combines smart access control with full multi-point lock compatibility — ideal for residential properties, holiday parks and single-occupancy dwellings.

Engineered for external environments, RezLok combines durable construction with flexible locking behaviour, giving users the freedom to secure doors in a way that suits their day-to-day use.

RezLok Set Stencil

Smart access for
exterior doors.

Multi-point lock
compatible

Flexible locking
modes

Mechanical key
override

External-grade
materials

Contactless access with RFID and BLE technology

- Latch alarm when door is not closed
- Deadbolt double-lock function
- Auditable mechanical override key

> Flexible operation for external environments:

- Single Family Rental
- Holiday Parks
- Configurable locking modes
- Designed for everyday use

> Built for external performance.

- Weather-resistant construction for external environments
- Compatible with multi-point locking systems
- Mechanical key override for fail-safe access
- Flexible locking behaviour for real-world use
- Designed for uPVC and composite doors

Range of data carriers.

Mobile Keys

Keycards

Wristbands

Fobs

Frictionless access with mobile keys.

TLJ Mobile Keys™ are a secure digital access credential, removing the need for physical keycards. Keys are delivered directly to a user's smartphone and stored securely in the cloud with end-to-end encryption. Access is protected by the device's built-in security, including Face ID, fingerprint or passcode.

- Seamless, contactless access
- Secure mobile key delivery via:
 - The TLJ app
 - Custom white-label app
 - Integration with your existing app
- Hands-free access
- Keys can be stored in:
 - Apple Watch
 - Home screen widgets
 - Apple Wallet (*coming soon*)
